

Secondary Mathematics resources

Years 7-11

In 2023-24 academic year, all required resources for the delivery of Math courses at RCHK **will be supplied by the school**. Therefore, there's **no need for parents to purchase** textbooks for the subject.

For the MYP years, the following are **not mandatory texts** to accompany the course and are for reference.

[Year 7: Essential Mathematics for the Australian Curriculum Year 7 Third Edition \(interactive textbook powered by Cambridge HOTmaths\)](#)

[Year 8: Essential Mathematics for the Australian Curriculum Year 8 Third Edition \(interactive textbook powered by Cambridge HOTmaths\)](#)

[Year 9: Essential Mathematics for the Australian Curriculum Year 9 Third Edition \(interactive textbook powered by Cambridge HOTmaths\)](#)

[Year 10: Standard Level: Essential Mathematics for the Australian Curriculum Year 10&10A Third Edition \(interactive textbook powered by HOTmaths\)*](#)

[Year 11: Standard Level: Essential Mathematics for the Australian Curriculum Year 10&10A Third Edition \(interactive textbook powered by HOTmaths\)*](#)

** Applies to Year 10 standard level students only. The following year, this book remains the recommended text for Yr11 standard level students. Alternative course materials and resources are distributed individually by teachers and used for the Year 10 and Year 11 extended level classes.*
